About This Game

Scholastic. Subversive. Submerged.

Classroom Aquatic is the world's first underwater stealth school simulator! Players play as a foreign exchange diver student in a school for dolphins, going through a semester of tests they are in no way prepared for. They must cheat, sabotage, and manipulate their way to top of the class!

- Dive into a *sea-rreal* world of oceanic whimsy, and experience what its like to be the only human in dolphin school!
- Get *hooked* on intense first person stealth! Really sneak a peek in Oculus Rift-compatible cheat-'em-up gameplay!
- *Surf*-ive a semester of dolphin school! The teachers will be pulling out all the stops to try and catch you, so be on your steel-tipped toes!
